Let op! Vooropleiding BG[®]170 for Special Needs is een voorwaarde voor deze training

This training provides

- Small class sizes that offer 1-1 attention from Cece during the training.
- This course offers the participant a career opportunity so that you can teach other parents, caregivers, teachers and/or therapists how to use the developmental Building Block Activities.
- By taking this course you can be licensed to teach all of the developmental Building Block Activities that Cece has developed and used over the past 15 years in her work with children/adults who have been diagnosed with learning and/or physical challenges.
- A license is renewable every two years by fulfilling the re-licensing requirements.

Training/teaching Requirements:

- **Attendance at Brain Gym^{®170} for Special Needs, a four day course offered internationally and throughout the USA.**
- Attendance at an 8-hour teacher training taught by Cece.
- Attendance at an 8-hour workshop Movement Based Learning taught by a licenced MBL trainer.
- 6 Case Studies that include the use of the developmental Building Block Activities (5 + 1 ind).
- Extensive knowledge of suggested reading list.
- Demonstration of skills to work with children/adults who have special needs.
- Demonstration of language skills to express content of movement-based learning.
- Demonstration of skills to teach to larger groups.
